The diagram shows a top-down view of the HOTONE WHIP distortion stompbox. It features a 'VOLUME' knob on the left, a 'GAIN' knob on the right, and a 'TONE' knob in the center. A '9V' battery compartment is located at the top. The 'HOTONE' logo and 'WHIP' branding are visible on the front panel. Arrows point from text labels to these various controls. The specifications and patent information are listed at the bottom of the diagram.
